General

Field Preparation and Sideline

Effective January 1, 2025 all matches played in the Eastern Pennsylvania Rugby Union must abide by the Field Preparation and Sideline procedure outlined below.

All matches are expected to be played and conducted in accordance with disciplined and good sporting behavior. These principles cannot be upheld solely by the referee or other match and Union officials but must also be upheld and observed by players and those who manage, administrate, coach or teach the game as well as the spectators who observe a match.

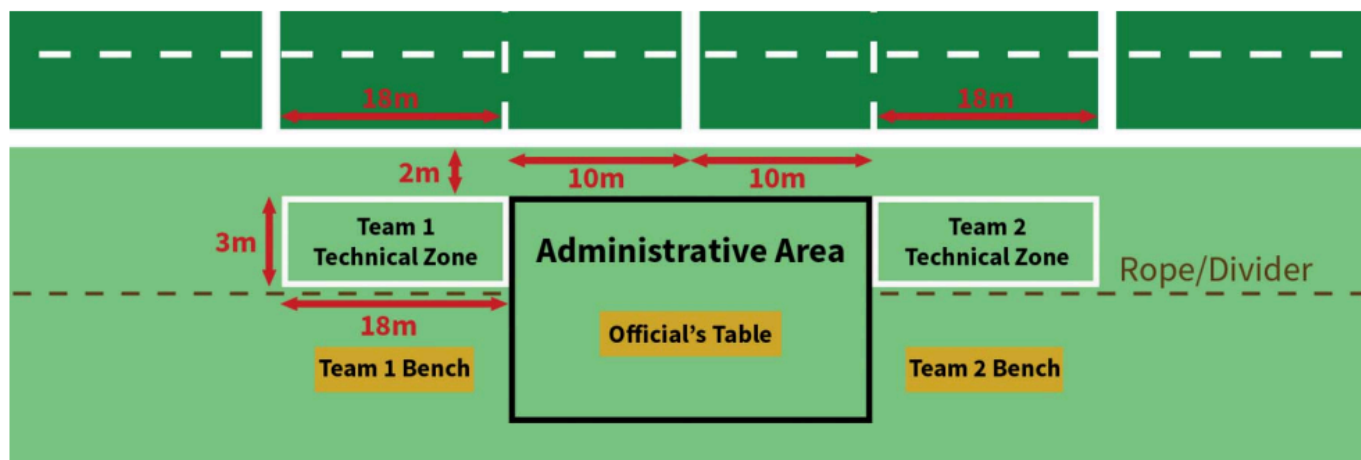

All union members must abide by World Rugby Field dimensions.

All union members must provide the correct USA Rugby Technical Zone and Sideline

Management Guidelines.

Requirements per Eastern Pennsylvania Rugby Referee Society state that there must be clearly defined technical zones separating teams at the 50 meter line and a clearly defined spectator area separated from each team. The spectator area can be on the opposite side of the field. Failure to comply may result in protest and/or additional fines stated below.

USA RUGBY TECHNICAL ZONE (TZ) & SIDELINE MANAGEMENT GUIDELINES

USA RUGBY TECHNICAL ZONE (TZ) & SIDELINE MANAGEMENT GUIDELINES

If union members do not abide by USA Rugby guidelines complaints can be filed to the Eastern Pennsylvania Rugby Union's Competition Chair via [Protest Procedure](#). All violations last for one year.

1st Violation: Written warning

2nd Violation: \$100 fine

3rd Violation: \$250 fine and loss of point

4th violation: \$500 fine and loss of home game.

Any incidents in regards to spectators must be submitted to the Competitions Chair and to be reviewed. If violations are found the violations listed above will be implemented.

Referees

The Eastern Pennsylvania Rugby Union utilizes different referee societies to fulfill their matches. I.E. Eastern Pennsylvania Referee Society, Potomac Referee Society, Mid Atlantic Rugby Referees, and etc. Our Union is at the discretion of these societies to fulfill assignments for our games.

- All matches are to be played under the control of a certified referee.
 - Assignments are typically posted by Wednesday for a match to be played on Saturday.
 - Union Members are responsible for confirmation of match fixtures to the referee assigned no later than 9:00 PM the Thursday before the match. Failure to do so may result in the referee being removed from assignment.
 - Any assignment labeled TBD, indicates the ref society is still trying to find coverage.
 - If by 9:00 PM Thursday the match still has TBD please contact the competition coordinator for your division.
 - If the referee is labeled "Club Referee" the club referee needs to be communicated to the other team and division coordinator of your division by 9:00pm Thursday.
 - Any referee that the hosting club assigns or finds can not be registered as a coach or player for that current competition cycle. Admins/volunteers are acceptable.
 - If no certified referee is available for a game the match can be postponed to a later date. If there is no date for possible makeup the Competition's Committee will make a decision on what shall be done.
- If a certified referee has NOT been assigned by the Eastern Pennsylvania Rugby Referees Society, then the home team must supply a certified referee; if the home team cannot do so, the visiting team can do so. Eastern Pennsylvania Rugby Referees Society referees and club referees who have received USA Rugby Referee Certification are automatically approved.
- If the assigned referee does not show, or the teams cannot find a replacement certified referee, then the match is to be rescheduled and played before the start of the playoffs. The home team must advise their Coordinator within 24 hours of the originally scheduled match date in this matter.

Referee Abuse

The Eastern Pennsylvania Rugby Union has zero tolerance for referee abuse. If a referee society does not want to assign referees to a club due to referee abuse Eastern Pennsylvania Rugby Union will support their decision. If a team has received a referee abuse related sanction, or penalty, from any of the referee societies the following action will be taken:

1. Sanctioned team will lose home privileges for the duration of the sanction.
 - a. Non-Sanctioned teams may waive hosting if a referee cannot be found by 8 PM the Friday before the match.
2. Match and/or matches cannot be postponed due to not being able to find a referee.
3. Referee must be a certified referee.
 - a. If non-sanctioned team has allowed sanction team to host the referee must be approved by non-sanctioned team by 8 PM the Friday before the match
4. Referee must not be registered with either team as a coach or player for that current competition cycle. Admins/volunteers are acceptable.

If further referee abuse is recorded by a team that has already received sanctions that competitive cycle the Competition Coordinator and the Eastern Pennsylvania Rugby Union Executive Committee will discuss further action within 48 hours of being notified of the sanction.

“ Referee Abuse includes, but is not limited to:

- Any intentional, but nonconsensual, contact with any Match Official;
- Verbal and nonverbal communication which contains foul or abusive language or which implies or directly threatens physical harm or injury of any sort to any Match Official;
- Any threat of damage to or damage to a Match Official's personal property;
- Repeated instance of on-field player dissent (as defined in the World Rugby Laws); Repeated questioning of calls during ongoing match play, whether to the center referee or to an AR, by those otherwise permitted to be in the playing enclosure (replacements, coaches, trainers, e.g.). Only individuals who may raise questions with calls are head coaches and captains. Questions should be posed in a respectful manner directly to the center referee. A captain may politely speak to a Match Official during a match; a coach may politely speak to a Match Official before and after the match;
- After being warned, as provided in this rule, any failure of any player, coach, administrator, medical and support personnel, or fan to immediately leave the playing enclosure or technical zone on the request of any Match Official;
- Sexual or violent gestures and/or kicking or throwing objects in response to the Match Officials' call, non-call, or other action in officiating the match.
- Referee abuse is not limited to on-pitch behavior:
- Abuse may happen at any time that the Match Official is acting in their duties, and may include arriving to and leaving the Match location.
- Abuse may happen may through questioning/impugning honesty/integrity of match officials away from pitch. “

Match Dates

Matches must be played on the dates set by the Eastern Pennsylvania Rugby Union. If there are extenuating circumstances which preclude either team from playing on that set date, then a mutually agreeable alternate date and reason for the change shall be submitted, in writing, to the division's coordinator.

No changes shall be permitted without approval of the Eastern Pennsylvania Rugby Union Division's Coordinator. No changes will be considered within 2 weeks of the match unless they are weather related.

Pre-Match Day Communication

The hosting club will initiate an email to all involved parties by Thursday preceding the match and will include the field address, timetable, jersey color(s), and Emergency Action Plan. All parties are defined as all referees appointed and all match secretaries, although multiple club reps should be copied.

If multiple clubs are hosting at the same pitch as separate events, they are each responsible for their own communications.

Clubs hosting multiple matches at a single location for multi-sides should incorporate all match coordination into a single communication.

Emergency Action Plans must include pitch location, all medical personnel available at the pitch, procedure of who is doing what in case an ambulance needs to be called, and the closest medical facility including urgent care, hospitals, and emergency departments.

Kit Requirements

- All players must play in matching jerseys, shorts & socks whose colors. Jerseys must be clean, free from holes and tears.
- Jerseys may be short-sleeved but must not be "cut-offs" or sleeveless. Short-sleeved, hemmed jerseys must cover the bicep.
- Shorts must be clean and free from holes and tears. Bike shorts or spandex shorts may be worn under rugby shorts. Socks must be clean and free from holes and tears.
- Numbers on jerseys (for the correct positions) are mandatory for all teams and must be clearly visible during play.
 - If teams do not have the correct numbers for the correct positions, they must notify the other team and the assigned referee.
- During pre-match communication both teams must notify each color of their jerseys. If both teams are the same color of jerseys, then the away team must use secondary jerseys. The home team can provide the secondary jerseys also if the away team does not.
- Upon arrival the referee has the final say on if clubs' jerseys are appropriate and correct.
- Failure to comply with the Kit Requirements is grounds for protest and may result in forfeit by the offending team. See [Protest Procedure](#)

Day and Time of League Matches

League matches should kick off between 10:00am and 4:00pm on Saturday, any change in time of kick off must be communicated immediately with the opposing club, competition chair, and respective division coordinator.

Divisional Play Rules and Regulations

Divisional and playoff games will be played in season(s) in accordance with the schedule provided by the Eastern Pennsylvania Rugby Union.

Determination of Final Standings

Points will be awarded as follows:

- +4 points for a win
- +2 points for a tie*
- 0 points for a loss
- +1 point for 4 or more tries scored in a game
- +1 point for a loss by 7 points or less

* There is NO overtime in divisional play matches. Overtime will only be played during playoffs, challenge matches, or championships and can be found at <https://rugby.org/competition-policy-for-15s/#ot15s>.

All original matches must be played before Eastern Pennsylvania Rugby Union's quarterfinals to appropriately determine standings. Should a game need to be canceled due to weather, it is the hosting team's responsibility to coordinate another day they can face their opponent prior to quarterfinals.

Tie Breaking Procedure in Final Standings

- Results between tied teams
- Cumulative point differential in all division games (points for minus point against = differential)
- Number of tries scored in division games
 - Must be recorded on match report form
- Cumulative point differential of common non-division Eastern Pennsylvania Rugby Union opponents in current season

Tie Breaking Procedure

Ties in the standings based on competitive points only will be broken in the following order:

1. Head-to-head matches win loss record
2. Head-to-head points differential
3. Head-to-head try differential (Tries for less tries against)
4. Average point differential excluding forfeits of non-common opponents
5. Aggregate points differential excluding the results of matches against any common opponent that has forfeited to either team
6. Average number of tries, excluding forfeits (Tries for less tries against)
7. Most tries scored excluding forfeits
8. Toss of a coin

Failure to Play Match

Eastern Pennsylvania Rugby Union provides a league schedule to all clubs prior to the beginning of the competition cycle. By agreeing to be a part of a specific division, it is understood that a club will fulfill the obligation of playing the entire league schedule. If a match cannot be played within a season due to weather cancellations and/or an inability to reschedule the match within the league season, both clubs will be awarded 0; a team may receive 1 match point if they have communicated with their Eastern Pennsylvania Rugby Union coordinator regarding the match as stated in the Inclement Weather Policy.

A club can request that a match be rescheduled, upon agreement from both clubs the match may be rescheduled. The updated information must be captured in Rugby Xplorer and reported to the appropriate division coordinator and referee society immediately.

If a club requests a match to be rescheduled and the opponent does not agree, then a division coordinator will be called upon to mediate the rescheduling attempt. In this mediation, only valid reasons will be supported for rescheduling requests. Valid reasons are considered to be "Weather" and "Field Cancellations." Non valid reasons are considered to be "Too many injuries," or "not enough to field a full side." Validity of reasons will be assessed on a case-by-case basis. Non valid reasons that lead to a match not being played will result in a forfeit of the team presenting these reasons. If further escalation is needed the Eastern Pennsylvania Rugby Union's Competition Chair may be contacted to review the validity of the rescheduling request.

Once a match is rescheduled, weather may require that the match not be played; due to the lack of available weekends within the season schedule, it may not be possible for a third attempt to schedule the match. Therefore, a rescheduled match (with a valid reason) that is cancelled each team will be awarded 0 points. A rescheduled match (with no valid reason) will be forfeited by the team that initiated the request to reschedule the match, see [forfeit policy](#) below.

Protest Procedure

The Team Captain must advise the referee BEFORE KICKOFF that their team wishes to register a protest and give the reason. The referee must notify the opposing Team Captain that a protest has been lodged and for what reason. The referee should give the offending team a reasonable amount of time to correct the circumstances of the protest. If the circumstances are not corrected, the referee and protesting team MUST notify their respective Coordinator, in writing, within 48 hours of the circumstances of the protest. The protest will be reviewed by the Eastern Pennsylvania Rugby Union Executive Committee and the teams involved will be notified of the Executive Committee's decision within 48 hours of the protest submission.

Protesting Match Outcome

Any Union Member can protest the outcome of the match. All protests must be emailed to the Eastern Pennsylvania Rugby Union Secretary (secretary@epru.org), no later than 48 hours after the day of the match in which the Union Member played. To protest the outcome of the game members must provide a written

explanation of the protest, any witness to support their protest, and any other contact information. The secretary will then send this to the Competition's Committee as they will determine the ruling of the protest.

Forfeit Policy

A forfeit is determined as not having 12 members available and registered to play on the day of the match. Any matches forfeited will count as a penalty (during match forfeit, illegal player, morning/day of match etc.). Forfeited matches will be counted as a 28-0 (4 converted tries) win for the non-offending side and will receive the full 5 points, while the offending side will receive a -1 penalty per the Super 14 system. If teams agree to a friendly match despite not having the minimum 12 players the penalties will be avoided. This exception will be a one time exception, thus any future forfeits will result in penalties.

Teams needing to reschedule must notify (via email) the Division's Coordinator and opponent two days (approximately 48 hours) prior to day of match.

Any club that forfeits a league match in the season, where there is no attempted rescheduling effort made and a match does not take place at all, shall be subject to competition penalties as outlined below. If a team requests a forfeit on Saturday morning, the offending team will travel to the opponent pitch the next two scheduled matches, or may have the option of traveling to the opponent's field twice or waive the next scheduled league home match of the following season(s). This is in addition to the penalties listed below.

Penalties:

- 2 forfeits within a competitive cycle will result in automatic relegation and ineligible for playoffs.
- 3 or more forfeits within a competitive cycle will result in suspension from league play.

Inclement Weather

This policy applies to all matches played under the jurisdiction of the Eastern Pennsylvania Rugby Union. Rain or bad weather in and of itself is an insufficient reason to cancel a match. However, field policies and player safety (both traveling to and playing in the match) must be considered when making a game decision regarding inclement weather. Either before or during the match, the referee has the power to cancel the match due to existing unsafe playing conditions in their opinion.

Each home team should be aware of the rules governing use of its home pitch by the Owner of the field (i.e. Fairmount Park, University, Township, etc.) during adverse weather conditions. Any field restrictions should be communicated to opponents when scheduling and referees when confirming matches. If a field is closed by an Owner, the match is canceled and must be rescheduled if it is a divisional play match.

If the current or pending weather is unfavorable, teams are expected to keep an open line of communication with their opponent, competition coordinator, and the referee involved. Open line of communication means phone calls with discussion or an active exchange of emails; one-way communications are not acceptable (i.e. voicemail and/or emails without a reply).

If the decision is mutually reached to postpone the match, teams should communicate this to the referee, the Eastern Pennsylvania Rugby Referee Society allocations secretary and appropriate Eastern Pennsylvania

Rugby Union coordinator immediately. Teams should set make-up match details by the Monday following the originally scheduled match and communicate them to the Eastern Pennsylvania Rugby Union Competition Chair and Coordinator. Divisional play matches must take precedence over any 'friendly' matches.

If a mutual rescheduling decision cannot be reached between the teams, both teams should contact their respective Eastern Pennsylvania Rugby Union coordinator outlining the details surrounding the disagreement. This should be a very last resort, teams are expected to work out match details on their own as much as possible and come to an appropriate decision. Both teams involved are expected to be respectful of their opponent's situation as well as uphold their commitment to play the match.

Failure to make up a match will result in 0 awarded to each team depending on the circumstances; a team may receive 1 match report point if they have communicated with their Eastern Pennsylvania Rugby Union coordinator regarding the match. Further disciplinary action or fines may be assessed depending on the circumstances up to and including the procedure detailed in the above [forfeit policy](#).

If league games cannot be rescheduled due to postponement, then the standings are to be determined by points divided by games played thus the average points will be the standing.

Severe Weather

- Rain would not be included in this unless the field owner withdraws field usage, or the field conditions are ruled unsafe by the referee and/or both team captain(s).
- Assumptions:
 - The field will be available for a 3.5-hour window for each match from the time of the scheduled kickoff.
 - The field and weather conditions were acceptable to both teams at the first half kickoff.
 - The field remains in safe condition after a weather delay. All parties (teams and referee) must agree that the field is playable prior to a restart; if not, the game will be suspended and will be adjudicated as described in Disputes below.
- The 80-minute match must be fully completed within the 3.5-hour window. The final whistle must either be before the 3.5-hour window concludes or coincide with the end of the match.
 - The match may go beyond the 3.5-hour window, but that must be by agreement of all parties.
- Teams may agree to suspend the match before the 3.5-hour window and use the USA Rugby guidelines for game completion determination.
- If the match cannot be completed, the USA Rugby guidelines will come into effect for determination of match completion or a later restart date (dependent on time in the match).
- In the rare event that overtime is needed in a single-game playoff match and the 3.5-hour window has expired, play the match out if possible. If that option is not viable, the match will be suspended and will be handled under Disputes (below).
- Disputes: The Competitions Coordinator and Committee will handle all disputes that may arise. All parties must provide narratives, which should include video and/or photos.

Playoffs/Championship

In an event that there needs to be a postponement of an Eastern Pennsylvania Rugby Union playoff match under all competitions, and there is no available make-up date, that game can be rescheduled for that Sunday.

All playoff postponement or rescheduling of matches will be shared with their respective competition coordinator the week before playoffs by the competition's committee.

Championship Player Eligibility

Players must have played in at least one qualifying match in order to play in the EPRU Championship. If any player did not play in a qualifying match before the championship that player is therefore ineligible to compete in the championship.

Players are allowed to submit a waiver to get approved by Usa Rugby eligibility and if so then they will be eligible to play.

Within union transfers must abide by the [transfer policy](#) mentioned below.

National Championship Series and Atlantic Super Regional Playoff Substitutions

Eastern Pennsylvania Rugby Union teams that make the Atlantic Super Regional or USA Rugby National Championship need to abide by their substitution policy.

All movements are to be tracked by both coaches, and if a team is in violation of movements, clubs can submit a protest to Eastern Pennsylvania Rugby Union's Competition Chair. Thus, the committee will review the dispute.

During Eastern Pennsylvania Rugby Union playoffs movements must enter through the center of the field of play. During playoff games other than the championship both clubs must notify the other team they are making a movement.

During the Eastern Pennsylvania Rugby Union Championship all movements must enter through the center of the field of play and notify the match coordinator that they are subbing into the game so they can track player movement and time. The coordinator will notify the center referee of movement being made.

If request can't be met team without their lineups posted will count as a forfeit and the match to not be played.

For EPRU Championships and Playoffs game rosters of 30 people along with coaches, medics, and admin/volunteers must be submitted by Wednesday 8pm to EPRU Comp chair, division coordinator, and president to approve the roster. Once approved all lineups are to be inputted by Friday 8pm

All violations run for a **competition** year.

ID checks are required by ALL divisions for league matches and playoffs. ID checks must be done one hour before kickoff and no later than 30 minutes before kickoff. If player has not arrived in time they must be removed from roster and replaced.

All rugby Xplorer matches must be competed by Monday 8pm.

ID Checks

All playoff matches are required to have Roster ID Checks prior to the start of the match by a representative from both teams. The EPRU may require Roster ID Checks for other matches under certain circumstances, including, but not limited to, questions or investigations around player eligibility for one of the clubs participating. All rostered players must have proper and legal documentation (drivers license, government issued ID, or U.S. passport) matching that player's Rugby Xplorer account. If a player is late to the roster ID checks they have until 30 minutes until kickoff, and if they are not there in time they are not to be rostered in the game.

If a team does not consent to ID Checks, their roster is not submitted, and/or a player participates in the match that is not on the team's roster they are in violation of this policy thus would be marked a forfeiture for the offending team.

If the player has a reason for having Name Withheld, they may send a confidential narrative to Senior Club Eligibility (seniorclubeligibility@usa.rugby), describing why Name Withheld status should be granted. This submission must include any relevant documentation. The waiver must be completed by the player and not a

coach or other third party. A waiver for Name Withheld status is only effective for one registration cycle (August to August). Note: Name Withheld status does not guarantee a player's privacy given matches are open to the public

- Starting Lineup
- Movements utilized
- Try scorer
- Conversions
- Penalty Try
 - If applicable
- Penalty goals
 - If applicable
- Drop Goal
 - If applicable

Failure to do so, the competition coordinator will reach out to union members to notify them of a written warning and failure to do so by Tuesday 5pm will result in forfeiture of the match.

Player Transfers

Both parent club and new club must be USAR registered clubs. If a player is switching clubs they must do so before August 1st. (For example: Player A registers with a club and plays in a league match, or league matches, with Team X after August 1st. Player A cannot play for any other club in league matches until the following August 1st). A challenge match, a wildcard match, or any match which determines standings in the Eastern Pennsylvania Rugby Union will be considered a league match).

Should a player join a club during the season/cycle as a result of a residential relocation or return from injury, that player must have played at least two league matches for that club in the same season/cycle leading to any playoff matches. (For example: Player B moves to Philadelphia in March and joins a club involved in playoff matches. Player B cannot compete in any wildcard, challenge or playoff matches leading to a Championship if Player B has not played at least two league matches for that club leading to those playoffs).

Transfer Application

Players wishing to transfer within the Eastern Pennsylvania Rugby Union or outside the union into the Eastern Pennsylvania Rugby Union must be in good standing with their original club/union. All transfer applications process must be done on Rugby Xplorer by the player as listed below per USAR.

"Players are considered 'free agents' between seasons and/or when they have an inactive registration. Players can register to any Club.

When a player has an 'active' registration in the current season the existing club and parent organisation will be required to 'approve' or 'deny' the clearance request in the admin portal before the player can continue to re-register online to a new club.”

- When the player re-registers online, conversion discounts will apply to the relevant fees.
- Registered Player tries to register with new club but is stopped and needs to submit a clearance request with supporting reason.
- Clearance notifications are sent to player, existing and new club, plus parent organisation admins.
- Clearance needs to be approved by club and parent organisation in Rugby Xplorer admin portal.
- Once a clearance has been approved by both club and parent organisation admin the player receives email detailing the approved clearance.
- Player then needs to continue registering online with the new club. This time they will be able to proceed through the registration process.
- Conversions will apply where applicable.
- The player is notified when they submit the clearance process and also of the outcome of the clearance.
- The player will remain active at both Clubs, depending on their registration duration. Season registrations will remain active for the full season, while weekly and monthly registrations will expire as per their expiry date.

Combined teams and players who are eligible to play with multiple Clubs, will need to follow the process above to have active registrations in both clubs.

For players who are moving permanently, they should be removed from any 'Squads' at their old club, so they do not appear for selection on a team sheet.

USA players will not require clearances for Approved Academies, "All-Star" or "select" sides, etc.”

All requests for exceptions will be carefully evaluated by the officers of the Eastern Pennsylvania Rugby Union with decisions rendered within three weeks of receipt. Officers are not permitted to sign off on players moving into their home club.

Movements and Replacements

Listed below are the following movements allowed per competition:

- Men:
 - D1 : 12 Movements
 - D2 : 12 Movements
 - D3 : 12 Movements
- Women
 - D1 : 12 Movements

- D2 : 10 Movements (12 Movements effective August 31, 2025)

A movement is defined as a player coming out of the game for a player who is on the sideline. A player who starts the game and comes off for a tactical movement is eligible to come back in the game. If a player is injured and comes off the field for an injury substitution the player may not come back into the field of play. If a player comes off for a blood substitution this does not count as a movement, unless the player does not return back to the field of play within 10 minutes of when they exited the field of play.

Any player with a head injury may be removed from the field by the referee or certified trainer. If the referee recognizes and removes the player they are not allowed to return to play. Under the Eastern Pennsylvania Rugby Union there is no Health Impact Assessment.

Match rosters are limited to a maximum of 23 players. This number is determined by both the team's available players and the number and type of available front row players.

Collegiate

General Requirements

All teams representing the Eastern Pennsylvania Rugby Union in regional or territorial playoffs must be full members and in good standing with both the Eastern Pennsylvania Rugby Union and Eastern Pennsylvania Rugby Referee Society to take part in Regional and National Playoffs. All teams in divisional play must be registered and compliant with National Collegiate Rugby as per the Eastern Pennsylvania Rugby Union CIPP policy. Teams who are not fully registered with National Collegiate Rugby by September 1st for the fall semester and February 1st for the spring semester will not have their divisional play matches count in the standings. Registration of the club and its players from the previous year does not fulfill the requirements. Players will not be eligible for playing time should they not be registered with National Collegiate Rugby. However, with the understanding that the sport of rugby continues to grow, rolling registration is allowed for players to join at any time throughout the season.

Players must have medical insurance to participate in any rugby activity. Players should supply copies of their medical cards to their club as proof of coverage when requested. All clubs must also be in compliance with the Eastern Pennsylvania Rugby Union and National Collegiate Rugby Eligibility requirements.

Highlights are:

- A college photo ID card is required and must be shown to the opposing team's captain by the player before the match begins upon request. Any player attempting to use a card other than their own will face disciplinary action. If a player does not have this proof, an alternate proof is another form of picture ID (such as a passport or driver's license) and class schedule documents. If no proof is provided, the opposing team's captain is to be asked whether or not they can play. Their decision is final and not subject to protest.
- The Eastern Pennsylvania Rugby Union Women's Collegiate Coordinator may request team rosters at any time including verification of eligibility of players for divisional play.

Alcoholic Beverage Policy

Drinking by those under the legal age is prohibited.

All rugby matches held on property owned by the University or College will require that all school policies on alcoholic beverages must be strictly adhered to by everyone in attendance.

Local policies, such as by the Township, City, and/or Parks Department, must be followed for all rugby matches involving only collegiate teams in an off-campus location. It is the ultimate responsibility of college and local officials to ensure that their regulations and laws are enforced. The Eastern Pennsylvania Rugby Union gives their full support to university/colleges in all alcohol related policies that revolve around underage individuals.

Players, Coaches, and Spectators Code of Conduct

The Eastern Pennsylvania Rugby Union fully supports the National Collegiate Rugby's statement regarding conduct and expect all collegiate teams to abide by the statement below:

"Collegiate rugby players and coaches represent their colleges and are ambassadors of collegiate rugby in the United States. As such, collegiate rugby players and coaches are expected to behave with dignity both on and off the field. Collegiate rugby players and coaches should not tolerate rude or anti-social behavior of any sort which would reflect negatively on the image of rugby, NCR, or the student athlete's college/university.

Players, coaches and spectators are not to use foul language or make threatening remarks before, during or after the match. Such behavior whether directed at a teammates, opponents, match officials, spectator or even part of a pre-match "chant" or play call (such as for a line out) is unacceptable. Doing so will be considered a violation of the Code of Conduct. Any breach of this Code of Conduct will be addressed by the NCR Disciplinarian and forwarded to the rugby organization having jurisdiction and school as appropriate.

The disciplinary actions of any club/player in question of violation will first be investigated by the NCR Disciplinarian. If the NCR Disciplinarian deems it necessary, the report will then be sent to the organization that has direct jurisdiction for the club/player (such as its Conference/Union). Based on their findings, if warranted, the registered player's school should be advised.

We know that you are passionate about your team and have invested heavily to reach this point in the playoffs. We also know that you will disagree with referee decisions, and we do not expect you to remain silent the entire match. However, engaging opposition coaches, shouting profanity, or loudly commenting on referee decisions or non-decisions is not within the spirit of rugby, the NCR Code of Conduct or World Rugby Regulation 20. If your sideline behavior becomes unacceptable (as determined by the match or NCR officials):

- On the first occasion, the match officials or the NCR Representative will ask that person to refrain from their behavior.
- In the case of repeated incidents, the match officials and NCR representative may require the person to leave the venue.
- If the person refuses compliance, the match may be abandoned in favor of the other team.
- The incident will then be reported to NCR for disciplinary review.

At the discretion of the NCR official on site, persons disobeying the NCR Code of Conduct may be asked to leave the premises. Failure to do so may result in a person's team losing / forfeiting the contest as well as other penalties to the person and team."

Due structure is based off of USA Rugby which can be found here: <https://usa.rugby/faqs>
USA Rugby Club & Individual Participant Program (CIPP)

Membership Dues - Individuals

USA Rugby membership INCLUDES insurance for rugby-related accidents at practices, matches and travel to and from those activities. You must be registered prior to the time of injury. This is secondary coverage but will serve as primary coverage in the absence of other medical coverage.

All clubs must register/enroll with USA Rugby. Third party liability insurance is included with this enrollment. This insurance covers accidents and bodily injury to third parties. It also reduces the liability for registered members and enables members to use facilities that require third party liability insurance coverage. Proof of Insurance Certificates are available through USA Rugby by completing the online request form in the Insurance section of www.usarugby.org.

Each club is responsible for paying their club dues to USA Rugby through rugby Xplorer. The club dues are \$50, and part of the compliance process for all teams to be eligible for insurance benefits.

Each playerder of our union member will have to pay the Union member fee under their registration through Rugby Xplorer. The union membership fee is \$30 per person and it is a one-time fee per competitive cycle.

Referee Fees

All referee fees are handled by the Eastern Pennsylvania Rugby Referee Society. Their billing for matches and payments is handled by them. See <http://eastpenrugby.org/index.php/assignments/referee-match-fees-menu> For the payment structure and billing.

If the higher seed is unable to host they must communicate with their division coordinator. The division coordinator will work with both teams to find an alternate solution, i.e. the second seed hosts or a neutral location is used.

If multiple divisions request a neutral location, and the neutral location is able to hold multiple matches, the matches will be played at the same location. The Eastern Pennsylvania Rugby Union Competition's Committee will evaluate the requests and make their decision by March 1st of the competition year.

Any Eastern Pennsylvania Rugby Union teams that host a tournament and do not follow the USA Rugby Event Sanctioning will become unsanctioned.
